Jira Software

Jira helps teams plan, assign, track, report, and manage work and brings teams together for everything from agile software development and customer support to start-ups and enterprises. Software teams build better with Jira Software, the #1 tool for agile teams

The screenshot displays the Jira Software interface in a web browser. The browser's address bar shows the URL: `aravindh20.atlassian.net/jira/software/projects/AR/boards/1/backlog?sprintCompleted`. The Jira Software header includes navigation links like 'Your work', 'Projects', 'Filters', 'Dashboards', 'People', and 'Apps', along with a 'Create' button and a search bar. A sidebar on the left lists project navigation options under 'PLANNING' (Roadmap, Backlog, Board) and 'DEVELOPMENT' (Code). The main content area is titled 'Backlog' and shows a list of sprints: 'Sprint 2' (0 issues), 'Sprint 3' (0 issues), and 'Sprint 4' (1 issue). Below these is a 'Backlog' section with 0 issues, which is currently empty. A 'Create issue' button is visible at the bottom of the backlog. On the right, a 'Help' sidebar provides guidance on managing statuses, creating issues, and starting sprints. The Windows taskbar at the bottom shows the system clock as 12:10 on 19-11-2022.
